

District School No. 2.

Public School education is a subject of paramount importance to every family in our village. At present our village is divided into three districts, each under a separate Board of Trustees, but formerly the village was embraced in one school district. Some four or five years ago East Shakopee was set off as a separate school district, called No. 2. The reason assigned for this division was that the majority of the voters of Shakopee were opposed to an efficient system of public schools, or at least did not maintain good schools. Three years ago the new District No. 2 erected a new stone School House for the accommodation of eighty pupils, at an expense of fifteen hundred dollars. The tax on the property of the district, instead of returning to the usual mode of raising money by issuing bonds. The taxes for building purposes, all told, amounted to fully ten per cent. of the assessed valuation of the property of the district. But this high rate of taxation was cheerfully borne, for it was indeed advocated by the large property owners in the district. In addition to this, it takes an annual tax of from two to three per cent. of the assessed valuation of the district, to keep up a school. This heavy taxation is also advocated by the large property owners of the district to the end that all may have the means of a good education.

M. S. Titus, W. H. Anderson and Henry Hinds were elected as the Trustees of the District, and they have been re-elected annually ever since. At the annual school meeting held on Saturday last, they were again elected Trustees for the ensuing year.

At that meeting Mr. Anderson the Treasurer, submitted his report, showing that during the last year he had paid out from the orders of the Trustees \$355.50, and that all debts due him from the school district were paid, and that he had a balance in cash on hand of \$85.83. The Trustees submitted an estimate of the expenses of a school for ten months during the ensuing year, showing that it will require \$900. The district promptly voted to have a ten months school and to raise the necessary amount by taxation on the property of the district.

This school has now occupied a high reputation which has been greatly increased during the past year under the management of Miss CLEAVES. Her mode of instruction and discipline has won the respect of her pupils and the confidence of parents. During the first quarter of the year she was also assisted by Miss JULIA LOOMIS, during the rest of the year by the faithful and diligent teacher, Miss MCGOWAN.

The progress which the pupils of this school have made and the high reputation which the school has attained, must exert a good influence in the community. Indeed it has done so already.

The other two school districts of our village are now taking steps, little by little, in opposition to the one to build a school house at a cost of \$1,000 thousand dollars, and the other one to cost about \$6,000. This is a move we have long desired to see in our community, and will rejoice to see it executed, and we hope its progress will not be stayed. The people in the country need better school houses, and more of them. They need better teachers and more schools. We need a more efficient and better paid superintendent than we have had in the past. And above all, we need a well conducted teachers' institute of at least six weeks duration. This would make better teachers and give us better schools.

But there is one thing which we cannot pass by without complaint or without airing our protest. During the year 1866 the county audit showed that the Superintendent of Schools at a salary of \$500, which is about ten dollars a day for each day given to the discharge of his official duties. The law makes it the duty of the County Superintendent to visit and examine each school in the county at least one day during each term of school kept, and to give advice and instruction to the school and teacher. The District Superintendent of schools ten months during the last year, and although Mr. MacDonald, the county Superintendent, lived within sight of the school house, he did not visit the school at all. Although his attention has been called to this neglect of official duty, he has given no reason for the neglect, but he faithfully and with great dignity drew his whole salary with commendable punctuality.

We publish this week, officially, all the general laws passed at the last session of the Legislature. These laws occupy so much space, that we are obliged to publish them in a full sheet supplement. This is the first time the laws of this State have been published in a newspaper in Scott Co. While several State papers commenced the publication of the laws sooner than the Argus, yet no paper in the State has completed their publication so soon as the Argus—not even the St. Paul daily. These laws are worth more to our subscribers than a year's subscription, yet we furnish them, without any extra charge, in a form the most convenient for preservation. We advise all of our subscribers to lay these laws aside where they can be found when wanted. We are not much given to boasting, yet we think our subscribers have reason to congratulate themselves upon the amount of important reading material we have so far furnished them weekly.

Election News.

SHAKOPEE.—The election on Tuesday in Shakopee, resulted in the election of the entire Democratic ticket, without opposition. For the ensuing year the town officers are as follows:

Supervisors—Joseph Bertholet, Chairman, Wm. Cross, Mathias Rader, Town Clerk, Herman Baumhauer; Treasurer, Mathias Mayer; Assessor, Peter Yost.

EAGLE CREEK.—In this town there were two Democratic tickets in the field, one of which was called the Baxter ticket, and was mostly composed of names that participated in the senatorial caucus frauds upon the town last fall. This ticket was defeated two to one, and the whole of the other Democratic ticket was elected. The following are the elected town officers of Eagle Creek for this year.

Supervisors—Patrick Condon, Chairman; Matthew Dean, Amos B. Riggs; Town Clerk, Henry Hinds; Treasurer, F. Stemmert; Assessor, W. A. Cole; Justice of the Peace, David Kinghorn; Constable, W. W. Darrow.

Shakopee Argus.

Vol. 6.

SHAKOPEE, MINNESOTA, THURSDAY, APRIL 4, 1867.

No. 11.

BRILLE PLAINS.—We understand the election in Brille Plains resulted in the choice of the following named town officers:

Supervisors, F. J. Whitlock, Chairman, John Huss, Owen O'Neil; Town Clerk, Wm. Henry; Justice of the Peace, R. A. Irwin; Phillip Wagner; Treasurer, John O'Neil; Assessor, James B. Sibley.

SR. PAUL.—St. Paul gave a Democratic majority of about 1,000. W. S. Hall was elected Judge of the Court of Common Pleas. G. L. Olafson, Mayor, and Harvey Officer for City Attorney.

St. Anthony gives a Democratic majority of about one hundred and fifty and elected O. C. Merriman for Mayor.

Hastings elects Dan Rice, the people's candidate, for Mayor, and all the votes cast, except forty, were for the issue of bonds to help build the Hastings and Dakota railroad.

Red Wing has changed its politics and elected Baker, the Democratic nominee, for Mayor.

Faribault has made a great democratic gain and elected half of the democratic ticket.

Connecticut has elected a Democratic Governor by one thousand majority, and three democratic Congressmen.

Milwaukee has gone democratic by fifteen hundred majority, and Madison by 250.

Springfield, the home of Lincoln, has gone democratic.

Racial misrule is proving too much for honest Republicans all over the country.

THE TAXES of our State officers are as follows:

Governor, \$3,000; Secretary of State, and Superintendent of Public Instruction, \$1,500; State Auditor, \$2,000; State Treasurer, \$1,000; Attorney General, \$1,000; Adjutant General, \$1,200; Judge of the Supreme Court, \$3,000; Judges of District Courts, \$2,500.

WOLVES.—Lyman Young, of Beaver, Wisconsin, recently caught seven wolves.

Two of the number were old and five were young. They were prowling about his premises and found their way into the traps that had been set for them.

He is entitled to receive a bounty of seven dollars from the State treasury for this entire wolf hunt.

THE board fixed the salary of the county auditor of Dakota county at three thousand dollars from March 1, 1867, to March 1, 1868. The board then resolved that the proceeds of the board of county commissioners of Dakota county be paid in the official paper of the county, also in the "Hastings Gazette," for the ensuing year, at the rate allowed by law.—*Hastings Gazette*, March 23d.

THE St. Cloud Journal commands the legislative course of Hon. H. L. Gordon of Wright county. We were attentive to the senatorial career of Mr. Gordon and know that he was ever faithful to the true interest of the people and State. We wish we could say as much of some other senators.

The Shakopee Argus.

By HENRY HINDS.

SHAKOPEE, APRIL 11, 1867.

Our Poor House System.

The care and support of the poor has always been enjoined as a Christian charity and duty in all civilized communities, and is a duty imposed upon public officers by the law of most civilized nations. But this support, whether public or private, becomes a duty only towards those who, from age or infirmity, are unable to gain a support by their own industry. A few years ago the support of the poor of each town was enjoined by law upon the town in which they had their home. Now the law makes it the duty of the county commissioners to provide for the support of the poor of the whole county. Each town would be more likely to know the real wants of their own poor better than the authorities of the county. The public support of those who, with proper industry, could maintain themselves, would not likely be long endured by the town where the circumstances would be well known. The town support of the poor would therefore secure better economy in the application of the poor funds, when disbursed by the officers of the town where raised by taxation. Every tax payer in the town would know what was done with the poor taxes he pays, and he would not fail to complain of any squandering of the taxes thus paid.

But when the support of the poor is left to the county commissioners, the people in the town know very little about what becomes of the three or four thousand dollars a year they are required to pay into the poor fund.

In this paper we do not intend to make a review of the management of the poor house system. This we cannot do until the financial statement is made and published, showing the facts and figures upon which to found our conclusions.

This much, however, we will suggest. It is well known that during the last year, a man could earn from ten to twelve dollars a week, and with this sum support and clothe his family—consisting of himself, wife and five or six children, and also educate his children. But the county of Scott during the last year have been paying board for a young and perfectly healthy man at the rate of \$12 a week, and three dollars a week board for each of his five or six children, thus paying out for only the board of one family, two to three times as much as the head of a family could earn. How much the clothing of this family has cost the poor tax payers we do not know and cannot tell until the financial statement is published; but we do not hesitate to say it is not less than \$1000 a month, or even more, in a whole year.

But the only object of this article is to call the attention of the people to the advertisement in the "Argus," inviting bids for the boarding of the county poor for the ensuing year. It will be seen by the advertisement that these bids must be made in writing, sealed up and delivered to the county auditor on or before the 1st day of April. We have heard it suggested that the lowest bidder will not get the contract, and that therefore there is no use to put in any bids. We think such suggestions do great wrong to the good intentions of the county commissioners, for the very object of advertising for proposals for the support of the poor is to procure the lowest and cheapest rate than the county have been paying. We have no confidence in the integrity of the county board in this matter, and feel warranted in assuring our readers that whoever makes the lowest bid for the boarding of the county poor, will receive the contract. We hope the bidding will be brisk, and that the bidders will not fail to comply with the spirit and letter of the advertisement.

Our New Statutes.

We are under obligations to the Pioneer Printing Company for an elegant copy of the lately Revised Statutes of Minnesota. These Statutes are published by the Pioneer Printing Company by authority of law and are the only Statutes now in force in the State, and no other statute can be received in evidence in any court in the State. Every lawyer and magistrate in the State must be provided with a copy of these Statutes, and all business men ought to have them. Neither town or county officers can do without them.

On the occasion of the late editors' and publishers' convention, the Pioneer Printing Company showed their liberality by presenting a copy of these Statutes to each editor present. These Statutes, together with the laws of the last session of the Legislature, which we published in full last week, comprise the whole body of the laws of the State and it is not likely that any other revision or publication of our Statutes will take place for ten years. Every man should provide himself with a copy of these Statutes and be more watchful and vigilant in future.

These Statutes are called The General Statutes of the State of Minnesota, and were revised by the commissioners appointed under an Act approved February 17, 1863 and acts subsequent thereto, and amended by the Legislature and passed at the session of 1866; to which are prefixed the Constitution of the United States, the Organic Act, the Act authorizing a State government and the Constitution of the State of Minnesota. A list of acts previously repealed and a Glossary and Index are added to the Statutes. These Statutes are published by the Pioneer Printing Company, at six dollars.

The State of Minnesota has received a patent from Washington for 120,000 acres of land, being the quota of this State of the agricultural college land. This land was located a year ago, and it comprises some of the best land in the State. If this land is disposed of to the same advantage the school lands have been, it will endow an Agricultural College with over seven hundred thousand dollars. While other States realize only about sixty cents an acre for their agricultural script, we believe Minnesota will realize not less than six to seven dollars per acre for these lands.

The people of Faribault are taking steps to build a new school house this summer to cost some twenty-five thousand dollars.

Shakopee Argus.

Vol. 6.

SHAKOPEE, MINNESOTA, THURSDAY, APRIL 11, 1867.

The Treaty Ceding Russian-American to the United States.

Should the treaty with Russia be ratified by the Senate, it will add about four hundred thousand square miles to our territory at a cost of seven millions in gold, or about ten millions in currency, being about four cents per acre, and dear enough at that. This tract of country, Russian-American, lies on the north-western coast of North America, and is about fourteen hundred miles long.

We do not know what this country is good for, as it is cold, mountainous and inhospitable, unfit for agriculture and with forests of timber only in favored localities. The Arctic, however, is well conducted, and its seafarers are made with good taste, and we feel confident that his laborers more success than the nature of the mass of the people in Scott county will render him.

The Shakopee Argus is now owned by that talented and enterprising young lawyer, Andrew H. Hinds, who is fit for his political career, we could endorse him fully in his newspaper course. The Argus, however,

the fisheries upon the islands, and several good harbors would seem to constitute the chief value of this vast country. During the last year or two a company of men, having several million dollars, have been constructing a telegraph line through the whole extent of the local region, and which is nearly completed. The original intention was to continue this telegraph across Siberia, the Straits into Asia, and thence across the whole Continent of Asia to Europe. The object of this contemplated telegraph line was to establish communication between the United States and Europe, but the success of full completion was not attained.

Carroll has undertaken this undertaking to that purpose, and the company have abandoned the undertaking. But this region of country must have been extensively explored by the agents of this telegraph company, and we would not be surprised if our government has information showing that Russian America is of greater importance than is now publicly known.

There is a monthly Cattail Farmfield, issued on the first Monday of each month, dealing with the agricultural improvement of the country.

The Farmers and their wives and daughters are now a part and parcel of the United States, and will be an excellent place for the manufacture, at least, of ice cream in summer.

FINANCIAL STATEMENTS OF TUESSES.—We publish this week a letter from our correspondent at Spring Lake, in part concerning the financial condition of that town. We think the Supervisors of that town and also of all other towns, ought to have a full and complete financial statement of their town made and published, showing in detail what has been done with the people's money. The cost of such a publication would be saved ten times over, by the economy it would produce in the payment of taxes.

John J. McDonald, Esq., ex-editor of the Argus, has written to us, offering to do what we want him to do, for a trifling sum, and we feel confident that Macrae is a "straight-shooter" for we love a fellow-countryman, and he is credit to the soil that gave him birth.

J. A. Wilder, Esq., owns the lumber yard in the place, and is really a splendid business man. His lumber transactions are heavy, and his feelings are strong in the apostle of timber, &c., markets. He has brought to this place within sixteen months, three millions of lumber, and supplied this section from his yard.

There are seven or eight wheat buyers in the market, and the prices to-day range from \$2.00 to \$2.05 per bushel. There are several real live firms here, amongst them may be found Hathaway & Briggs, general dry goods, Boots, Shoes, &c., &c., and we find a smashing business.

TERRA INCOGNITA.

A little song has come to me,
A strain of sadness from over the sea;
And I hear its music and love it well,
Though the heart which framed it I cannot tell.

A little place comes to me,
There are clasping hands and a holy face—
But the name of the artist, who can trace?

So, in faith which comes to me,
When the vagues, faulnes stand supreme
In a grand perfection beyond my dream.

Land unknown! in these alone,
Shall the lily of my soul be grown;
And the thoughts of beauty are over me.

Land unknown! where all is best,
In this is my aspiration, my way,
With my broken sentence, fare away.

The Round Table.

THE PAINTER'S WIFE.

"But you have not told me," Cyrillic said, "what incident the picture is intended to represent."

"It is intended to illustrate the story of 'Ginevra' as it is in Rogers' 'Italy.' Do you recollect the poem in question?"

"Yes; I remember all about Francesco Doria and his youthful beauty. When he latter laid his hand on his chest on her white bosom, it was smothered, and her body not found for ever so many years afterwards."

"That is just the point—where Ginevra is about to hide herself. Therefore I try to make him look at me. I do not know how many times already."

"And a very good likeness it is of you, my dear. And the chest in which she is about to hide herself is painted from that real chest in the corsa that I have in my hands."

"Dear, dear! it's quite wonderful. But I thought painters always invented such things out of their own heads."

The speakers were aunt and niece—the latter, a fair and slender girl, expression of face for her mother's sake, with a smile. The time was half past nine on a certain autumn evening some half dozen years ago; and the place was a pleasant home like room in a villa in one of the westerly suburbs of London.

"There are two of these Italian names," Cyrillic said. Mrs. Rosee presently, "puzzled in mind of an old admirer of yours, Signer Pietro Fastini. By the by, do you know where he now is?"

"No. Where is Cyrillic, indeed."

"In a frantic asylum. He went crazy about a year ago, and has been under restraint ever since. I don't think you treated him well, Cyrillic, to encourage his attentions, and then to cast him off in the way you did."

Cyrillic's voice paled suddenly; she said,

"Sweet and low, sweet and low,

How she contrived to get the words out, through all those phases of her life, in which the young Italian had been an actor. Her reverie was brought on by an end to the clock on the mantel-piece close by.

She got up from the chair, and went out of her dressing room, which opened out of the room in which she had been sitting, and bathed her hands and face; and changed her evening dress for a comfortable white wrapper; and bound her hair back, letting it fall in a soft, loose, downy tress. Then she had gone out to night to a supper party given by a brother artist who was about to enter the holy state of matrimony, and she had promised to sit up for him; and then come home after midnight.

Going back into the sitting room, Cyrillic rang the bell, and presently nurse came in with baby, who, being a well behaved young gentleman, was properly fast asleep at this late hour. She was dressed in a pretty little white dress, with a lace collar, and the pincushion in another; with Cyrillic's work-basket on a side-table in company with a picture, and a vase of brown, and a tobacco jar after the antique; a picture, and one which Theodore Thurnhurst, artist from the top of his head to the sole of his foot, would not fail to note when he should come stepping into the room. One of the tall French windows opening on to the lawn, which had just been draped, ready for winter, with curtains of crimson damask, in place of the muslin ones which had shaded them through the summer, was still to be seen.

Instant her mother was gone, Cyrillic turned up the fire on the hearth into a riful blaze, and then took up the first volume of a novel which had been brought her that afternoon from the library. The door was to be seen in an hour at the far end of the room, where the time would pass pleasantly and quickly away.

A pleasant, cozy, home-like picture; the pretty, girlish wife coiled up gracefully in her husband's huge easy-chair, with its sleek back with sketches, prints, and water-colors, with the easel in one corner, and the pianoforte in another; with Cyrillic's work-basket on a side-table in company with a picture, and one which Theodore Thurnhurst, artist from the top of his head to the sole of his foot, would not fail to note when he should come stepping into the room. One of the tall French windows opening on to the lawn, which had just been draped, ready for winter, with curtains of crimson damask, in place of the muslin ones which had shaded them through the summer, was still to be seen.

"I am here to see me. But you do not seem pleased to see me. But, pray resume your seat," and holding her by the wrist, he led her back to the easy-chair, into which he had induced her. See that the doors and windows are all fastened before you go to bed."

"What a woman was gone, Cyrillic

stirred up the fire on the hearth into a riful blaze, and then took up the first volume of a novel which had been brought her that afternoon from the library. The door was to be seen in an hour at the far end of the room, where the time would pass pleasantly and quickly away.

The Shakopee Argus.

By HENRY HINDS.

SHAKOPEE, APRIL 18, 1867.

The Minneapolis *Chronicle* has a correspondent traveling up the Minnesota Valley. From Belle Plaine, on the 2nd instant, he wrote a letter to the *Chronicle*, a large portion of which we give below. We presume the fact that Stone, Metzner & Co., are doing the principal business, is accounted for by the fact that they are the only business firm at Belle Plaine who advertise in the *Argus*.

From the Minneapolis *Chronicle*.

BELLE PLAINE, SCOTT CO., April 2, 1867.—Left Shakopee this morning by the 9:30 o'clock train, and arrived here about 11 o'clock p. m. The depot of the Minnesota Valley railroad is on the bank of the Minnesota river, and the village is on an elevated table land about one hundred yards from the river.

POPULATION.

The population of this place is about one hundred, and the site is a beautiful one for a town. The streets are wide and run at right angles, and will, when built up, make a very handsome inland place.

Le Sueur Courier.

Le Sueur, April 2, 1867.—In the morning Mr. Cunningham went to Mr. Brainerd, his next door neighbor and told him all about the house fire. The snow was fresh and it was easy to track the thief. They tracked them to Ned Sullivan's, who is also next door neighbor of his. Arrests were made, but the parties were discharged.

STORIES.

There are twelve stores in the place, and are of various kinds, and in most of them the *Democratic* banner can be had in any quantities. Stone, Metzner & Co. are the largest dealers, and do the principal business here. They sell dry goods, hardware, tinware, provisions, hams, shoes, clothing, hats, caps, &c., and have shipped since last fall, 25,000 bushels of wheat to Minneapolis. These men are of the right stamp, and have energy, but do not vend the "Democratic liquid" in any shape.

DRUG STORE AND POST OFFICE.

J. M. Spagnie & Co. keep the post office and a large druggists, dry goods, oily paints, and stationery, and have accepted an agency to procure subscribers for the "Chronicle," both daily and weekly, and in a few weeks every man from whom we could reasonably expect support will be on our list.

DOCTORS.

There are three doctors who have their clinics out, but we saw only one of them, viz., Dr. J. S. Pasley, who is not only a highly intelligent, educated gentleman, but also a thorough physician, who understands his business.

CHURCHES, &c., &c.

There are two churches here, and a running brewer for each; three saloons, three hotels, one barber shop, blacksmith shop, livery stable, two saw mills, one public and three private schools. There are two or more churches in course of erection.

W.H. BISHOP.

There has been sent by railway from this place to Minneapolis, since the first of January, 51,465 bushels of wheat, and there is still some in store. The interests of this place, if properly understood, are closely connected with those of Minneapolis, but only a few here end see that fact, although any ordinary intellect could easily discover it.

Their lumber comes from the city of Minneapolis, and a large portion of their dry goods, and they send all their wool, wheat and oats to us, but still they would like to give us. And the preference, because seventeen of them eat, drink and swear by the St. Paul *Pioneer*.

BELLE PLAINE HOTEL.

This house is the largest building in the Valley, and affords every facility to the traveling public. It is owned by J. S. De Wolfe, Esq., who will in a few days "run" it himself, unless he can sell it to advantage. He would sell it for \$5,000, which is less than it is worth, having originally cost \$2,000 some ten years ago.

OUR NEW STATUTES.

We are under obligations to the Pioneer Printing Company for an elegant copy of the lately Revised Statutes of Minnesota. These Statutes are published by the Pioneer Printing Company by authority of law and are the only Statutes now in force in the State, and in other states can be received in evidence in any court in the State. Every lawyer and magistrate in the State must be provided with a copy of these Statutes, and all business men ought to have them. Neither town or county officers can do without them.

On the occasion of the late editors' and publishers' convention, the Pioneer Printing Company showed their liberality by presenting a copy of these Statutes to each editor present. These Statutes, together with the laws of the last session of the Legislature, which we published in full last week, comprise the whole body of the laws of the State and it is not likely that any other revision or publication of our Statutes will take place for ten years. Every man should provide himself with a copy of these Statutes w/out delay.

These Statutes are called The General Statutes of the State of Minnesota, and were revised by the commissioners appointed under an Act approved February 17, 1863 and acts subsequent thereto, and amended by the Legislature and passed at the session of 1866; to which are prefixed the Constitution of the United States, the Organic Act, the Act authorizing a State government and the Constitution of the State of Minnesota. A list of acts previously repealed and a Glossary and Index are added to the Statutes. These Statutes are published by the Pioneer Printing Company, at six dollars.

During Burglary.

On the night of the 26th ult., the most daring robbery that was ever committed in this town—Kilkenny, Le Sueur county—on a helpless old man, about 70 years old, and having four little children to make a living for. The old man retired to bed about 9 o'clock p. m. In some little time after the day began to break, the old man and his little boy to look out. He did but could not see a person. He closed the door and went to bed, and in a few moments after the door was

Shakopee Argus.

Vol. 6.

SHAKOPEE, MINNESOTA, THURSDAY, APRIL 18, 1867.

STRAYED OR STOLEN

From my premises, on the night of the 8th of April, 1867.

ONE YOUNG CATTLE.

One of them was red, with a white face and wide horns; the other one was white, with red spots. There was a considerable spot on each side of the neck of his head. Any body giving information of the above cattle, will be liberally rewarded by sending word to J. O'Neill, Belle Plaine, or to myself in Derrydale township, Le Sueur county.

WILLIAM SULLIVAN.

MINNEOTA CENTRAL RAIL WAY.

1867. SPRING RUNNING ARRANGEMENT

MONDAY, APRIL 1st, 1867 and thereafter, Trains will run as follows:

EASTERN EXPRESS:

GOING SOUTH.

Leave Minneapolis, 7:45 a. m.

Arrive at Le Sueur, 7:55 a. m.

Arrive at Owatonna, 7:55 a. m.

GOING NORTH.

Leave Owatonna, 12:15 p. m.

Arrive at Le Sueur, 12:30 p. m.

Making direct connection at Owatonna with the Western Express for Winona, St. Paul, Chicago, and all points East and West.

ASTROLOGY.

The World Astonished
AT THE WONDERFUL REVELATIONS
Made by the Great Astrologist,
Madame H. A. Perrigo!

She reveals secrets no mortal ever knew. She restores to happiness to those who have suffered events, catastrophes, crosses in love, loss of relations and friends, loss of money, &c., have become despondent. She brings together those long separated, gives information concerning absent friends or lovers, restores lost or stolen property, tells you the business you are best qualified to pursue and in what you will be most successful, causes spiritual blessings and tells you the name, likeness and characteristics of the person. She reads your every thoughts, and by her almost supernatural powers unveils the dark and hidden mysteries of the future. From the stars we see that the firmament—the majestic stars that overcome or predominate in the configurations of the sky, and the fixed stars in the heavens, at the time of birth, she deduces the future destiny of man. Fail not to consult the greatest Astrologist on earth. It costs you but a trifle, and you may never again have so favorable an opportunity. Consultation fee, with likeness and all desired information, \$10. Various living at a distance can consult the Madame by mail with safety and satisfaction to themselves, as in person. A large pocket chart, written out with all inquiries answered and likenesses enclosed, sent by mail on receipt of price above mentioned. The strictest secrecy will be maintained and all correspondence returned or destroyed. References of the highest order furnished, desiring them. Write plain the day of the month and year when you were born, enclosing a small lock of hair. Address, MADAME H. A. PERRIGO, P. O. DRAWER 295, BUFFALO, N. Y.

AFFLICTED !
Suffer no More!

When by the use of DR. JOINVILLE'S Elixir you can be cured permanently, and at a trifling cost. The astonishing success which has attended this invaluable medicine for Physical and Nervous Weakness, Convulsions, Impotency, or any of the consequences of youthful indiscretion, renders it the most valuable preparation ever discovered.

It will remove all nervous affections, depression, excitement, incapacity to study or business, loss of memory, confusion, thoughts of self-destruction, fear, insanity, &c. It will restore the appetite, renew the health of those who have destroyed it by sensual excess or evil practices.

Young men, be humbugged no more by "Quack Doctors" and ignorant practitioners, but send without delay for the Elixir, and be at once restored to health and happiness. A Perfect Cure Guaranteed in every instance. Price, \$1, or four bottles, \$3.50. Send address, &c. One bottle is sufficient to effect a cure in all ordinary cases.

ALSO, DR. JOINVILLE'S SPECIFIC PILLS, for the speedy and permanent cure of Gonorrhœa, Gleet, Utral Discharges, Gravel, Stricture, and all affections of the Kidneys and Bladder. Cures effected in from one to five days. They are placed in the harness on the system, and never nauseate the stomach or impregnate the breath. No change of diet is necessary while using them, nor does their action in any manner interfere with business pursuits. Price, \$1 per box.

Either of the above mentioned articles will be sent to any address, closely sealed and post-paid, by mail or express, on receipt of 50c. Address all orders to BERGER, SHUTTS & CO., Chemists, No. 265, River Street, Troy, N. Y.

Reparator Capilli.

Thoroughly your false frizzles, your switches, your wigs, your hair, and all that you desire of comfort, and not worth a fig; Come, see, come, come, come, come, ugly and late; And remember, Reparator Capilli.

REPARATOR CAPILLI.

For restoring hair upon bald heads (from whatever cause it may have fallen out) and forcing a growth of hair upon the face, it has no equal. Will force the beard to grow upon the smoothest face in from five to eight weeks, upon bald heads in from two to three months. Few ignorant practitioners have asserted that there is nothing that will hasten the growth of the hair or beard. Their assertions are false, as thousands of living witnesses (from their own experience) can bear witness. But many will say, how are we to distinguish the genuine from the spurious? It is certainly difficult, as the hair of the different breeds are entirely worthless, and you may have already thrown away large amounts in their purchase. To such we would say, try the Reparator Capilli; it will cost you nothing unless it comes up with our representations. If your Druggist does not keep it, send us our dollar and we will forward it, postpaid, together with a receipt for the money, which will be returned on application providing entire satisfaction is not given. Address, W. L. CLARK & CO., Chemists, No. 3 West Fayette St., SYRACUSE, N. Y.

Crisper Coma.

Our shirts, dresses, and hats, whether clean or soiled, and stained, whether white or dark, whether new or old, whether matted, or crumpled, or torn.

CRISPER COMA.

For curling the hair of either Sex into Wavy and Glossy Rings, or Heavy Massive Curls. By using this article Ladies and Gentlemen can beautify themselves a thousand fold. It is the only article the world that will curl straight hair, and at the same time give it a wavy and glossy appearance. The Crisper Coma not only curl the hair, but invigorates, beautifies, and cleanses it; is highly and delightfully perfumed, and is the most complete article of the kind ever offered to the American public. The Crisper Coma will be sent to any address, sealed and postpaid for \$1. Address all orders to W. L. CLARK & CO., Chemists, No. 3 West Fayette Street, SYRACUSE, N. Y.
